Please read before ordering.

Gladys are and have been my hobby but my regular line of business is now demanding all my time and being away a good deal of the time makes it compulsory for me to sacrifice my bulbs, therefore I have put a price on them that will sell them quick and for cash only.

I do not guarantee crops. I try to keep them true to name, but if proven otherwise will gladly replace them.

In ordering please give second and third choice. If out of your particular size will send the next to it unless otherwise told. Will not substitute other kinds unless given permission.

All goods sold subject to prior sale and delivered by parcel post or express.

The following varieties are too small in numbers to list regular and vary from a few dozen to a few hundred and in various sizes and bulblets. These I will make a special price on to close out.
